EXPLANATION OF THE PUBLICATION SCHEDULE

This Publication Schedule is prepared by the Office of Administrative Hearings as a public service and the computation of time periods are not to be deemed binding or controlling. Time is computed according to 26 NCAC 2B .0103 and the Rules of Civil Procedure, Rule 6.

GENERAL

The North Carolina Register shall be published twice a month and contains the following information submitted for publication by a state agency:

(1) temporary rules;
(2) notices of rule-making proceedings;
(3) text of proposed rules;
(4) text of permanent rules approved by the Rules Review Commission;
(5) notices of receipt of a petition for municipal incorporation, as required by G.S. 120-165;
(6) Executive Orders of the Governor;
(7) final decision letters from the U.S. Attorney General concerning changes in laws affecting voting in a jurisdiction subject of Section 5 of the Voting Rights Act of 1965, as required by G.S. 120-30.9H;
(8) orders of the Tax Review Board issued under G.S. 105-241.2; and
(9) other information the Codifier of Rules determines to be helpful to the public.

COMPUTING TIME: In computing time in the schedule, the day of publication of the North Carolina Register is not included. The last day of the period so computed is included, unless it is a Saturday, Sunday, or State holiday, in which event the period runs until the preceding day which is not a Saturday, Sunday, or State holiday.

FILING DEADLINES

ISSUE DATE: The Register is published on the first and fifteen of each month if the first or fifteenth of the month is not a Saturday, Sunday, or State holiday for employees mandated by the State Personnel Commission. If the first or fifteenth of any month is a Saturday, Sunday, or a holiday for State employees, the North Carolina Register issue for that day will be published on the day of that month closest to (either before or after) the first or fifteenth respectively that is not a Saturday, Sunday, or holiday for State employees.

LAST DAY FOR FILING: The last day for filing for any issue is 15 days before the issue date excluding Saturdays, Sundays, and holidays for State employees.

NOTICE OF RULE-MAKING PROCEEDINGS

END OF COMMENT PERIOD TO A NOTICE OF RULE-MAKING PROCEEDINGS: This date is 60 days from the issue date. An agency shall accept comments on the notice of rule-making proceeding until the text of the proposed rules is published, and the text of the proposed rule shall not be published until at least 60 days after the notice of rule-making proceedings was published.

EARLIEST REGISTER ISSUE FOR PUBLICATION OF TEXT: The date of the next issue following the end of the comment period.

NOTICE OF TEXT

EARLIEST DATE FOR PUBLIC HEARING: The hearing date shall be at least 15 days after the date a notice of the hearing is published.

END OF REQUIRED COMMENT PERIOD

(1) RULE WITH NON-SUBSTANTIAL ECONOMIC IMPACT: An agency shall accept comments on the text of a proposed rule for at least 30 days after the text is published or until the date of any public hearings held on the proposed rule, whichever is longer.

(2) RULE WITH SUBSTANTIAL ECONOMIC IMPACT: An agency shall accept comments on the text of a proposed rule published in the Register and that has a substantial economic impact requiring a fiscal note under G.S. 150B-21.4(b1) for at least 60 days after publication or until the date of any public hearing held on the rule, whichever is longer.

DEADLINE TO SUBMIT TO THE RULES REVIEW COMMISSION: The Commission shall review a rule submitted to it on or before the twentieth of a month by the last day of the next month.

FIRST LEGISLATIVE DAY OF THE NEXT REGULAR SESSION OF THE GENERAL ASSEMBLY: This date is the first legislative day of the next regular session of the General Assembly following approval of the rule by the Rules Review Commission. See G.S. 150B-21.3, Effective date of rules.

EXECUTIVE ORDER NO. 94
ESTABLISHING THE NORTH CAROLINA ALLIANCE FOR COMPETITIVE TECHNOLOGIES (NC ACTs)

WHEREAS, the development and promotion of a technology-based economy is critical to the long-term welfare of the State and its citizenry;

WHEREAS, the State has invested substantial funds in public and quasi-public not-for profit institutions charged with the development and deployment of technology to create commercial products and modernize manufacturing production; and

WHEREAS, the State has the potential to form a world class delivery and support system for technological innovation and manufacturing modernization;

NOW, THEREFORE, by the authority vested in me as Governor by the Constitution and laws of the State of North Carolina **IT IS ORDERED:**

Section 1. Establishment.
The North Carolina Alliance for Competitive Technologies (the "Alliance") is hereby established.

Section 2. Purpose.
A. The Alliance has been established to apply innovation, technology and technical resources to promote economic growth in the State. It will serve as a central, strategic organization to guide existing resources and develop additional resources as necessary. It will insure the availability of a set of comprehensive, coordinated resources to meet industry needs for innovation and modernization.

The Alliance has three primary objectives:

1. To develop a comprehensive strategy and vision to guide the use of state public resources devoted to technology development and deployment;

2. To organize public and private entities involved in technology to insure a rational, customer-driven delivery system that measures and rewards results; and

3. To match State investments with federal and other public and private investments for those initiatives critical to achievement of the State's technology strategy and its implementation.

B. The Alliance shall serve as a planning and coordinating organization for the State, charting future directions based on analyses of needs, demands and opportunities, and recommending future public investments in support of the State's overall technology strategy.

C. The Alliance shall work specifically with legislatively established entities, such as the Information Resource Management Commission (IRMC), to assist them in their activities and oversight functions related to specific technologies.

D. The Alliance shall coordinate state agencies and state-supported organizations involved in technology in accordance with a coherent long-range strategy for application of technological resources to industry needs and economic development of the State.

E. The Alliance shall strive to maintain North Carolina's technology leadership and further develop the infrastructure to maintain its competitive position.

Section 3. Responsibilities.
The Alliance shall have the following functions and responsibilities:

A. To maintain an office with a board of directors representative of the public and private sectors;

B. To conduct needs analyses of selective industries and systems capacity reviews in order to insure a delivery system accountable to its industry clients;

C. To develop common outcome-based evaluation standards and performance benchmarks for technology service providers;

D. To design a strategy for statewide and regional industrial centers of excellence, taking into account existing centers and their capabilities;

E. To propose additional incentive systems to encourage adherence to strategies by providers, higher education institutions, and non-profit organizations involved in the technology development and deployment system;

F. To provide recommendations on the strategic and effective use of state technology investments for long-term economic development;

G. To review the State's existing structure investments and analyze what additional investments are necessary in order to develop and maintain the competitiveness of North Carolina's industry; and

H. To undertake such other activities as are necessary to accomplish the above items.

Section 4. Board of Directors.
A. The Alliance shall have a Board of Directors of twenty-six (26) persons appointed by the Governor from the public and private sectors with a majority of members coming from the private sector. Nine (9) directors shall be

appointed from educational institutions, government, and non-profit institutions. Thirteen (13) directors shall be appointed from private sector industry and technology fields, including but not limited to, pharmaceuticals and chemicals, environmental resources, food processing, furniture, information technologies, metals, paper, polymers, textiles, transportation, exports and wood products. One third of the directors shall serve one-year terms; one third shall serve two-year terms; and one third shall serve three-year terms. Directors appointed or reappointed thereafter shall serve three-year terms. One director shall be appointed on an annual basis to represent the non-profit sector.

The Speaker of the North Carolina House of Representatives and the President Pro Tempore of the North Carolina Senate shall each nominate two members each, a Democrat and a Republican, who shall serve terms concurrent with their terms of office. The Governor shall appoint their nominees.

B. The Governor shall designate the Chair and Vice-Chair of the Board of Directors.

C. The responsibilities of the Board of Directors shall be advisory in nature to the Governor and the General Assembly. Their duties shall include:

1. Approval of policies, regulations, and by-laws that are necessary to form and operate the organization;

2. Oversight of the policies and plans of the Alliance, including the strategic plan, studies of needs, gaps in service delivery, and performance standards;

3. Implementation of procedures to insure cooperation with other parts of State government;

4. Adoption of a proposal for staffing the Alliance;

5. Approval of an operating plan for the Alliance; and

6. Identification of other activities and priorities that should be undertaken by the Alliance.

Section 5. Administration.
The Alliance shall be funded from federal and state matching funds. For administrative purposes, the Alliance shall be housed in the Department of Commerce, with further oversight from the Office of the Governor.

This Order shall be effective immediately. Executive Orders No. 63 and 80 are hereby rescinded.

Done in Raleigh, North Carolina, this the 26th day of February 1996.

This Section contains public notices that are required to be published in the Register or have been approved by the Codifier of Rules for publication.

Dear Mr. Warren:

This refers to three annexations (Ordinance Nos. 95-138, 95-151 and 96-03) and the designation of annexed areas to districts for the City of Greensboro in Guilford County, North Carolina, submitted to the Attorney General pursuant to Section 5 of the Voting Rights Act, 42 U.S.C. 1973c. We received your submissions on December 18 and 29, 1995 and January 31, 1996.

The Attorney General does not interpose any objection to the specified changes. However, we note that Section 5 expressly provides that the failure of the Attorney General to object does not bar subsequent litigation to enjoin the enforcement of the changes. In addition, as authorized by Section 5, we reserve the right to reexamine these submissions if additional information that would otherwise require an objection comes to our attention during the remainder of the sixty-day review period. See the Procedures, for the Administration of Section 5 (2-8 C.F.R. 51.41 and 51.43).

Sincerely,

Deval L. Patrick

PROCLAMATION

Charles R. Fullwood, Executive Director, North Carolina Wildlife Resources Commission, acting pursuant to North Carolina General Statute §113-292 (cl) and authority duly delegated by the Wildlife Resources Commission, hereby declares that the season for harvesting striped bass by hook-and-line shall open in all waters of the Roanoke River Striped Bass Management Area on Saturday, **March 16, 1996** at 12:01 a.m.

Effective March 16, 1996, striped bass may be harvested from 12:01 a.m. on Saturdays through 12:00 midnight on Sundays **AND** from 12:01 a.m. until 12:00 midnight on Wednesdays. From 12:01 a.m. on Mondays through 12:00 midnight on Tuesdays and from 12:01 a.m. on Thursdays through 12:00 midnight on Fridays, all striped bass, regardless of condition, shall be immediately returned to the waters where taken and no striped bass may be possessed.

The Roanoke River Striped Bass Management Area is defined as the inland and joint fishing waters of the Roanoke River and its tributaries, extending from its mouth to Roanoke Rapids Dam, including the Cashie, Middle, and Eastmost rivers and their tributaries.

This proclamation shall be effective at 12:01 a.m. March 16, 1996 and shall remain in effect until a new proclamation closing described waters or portions thereof for striped bass fishing is issued.

NOTES:

a) This Proclamation is issued under the authority of N.C.G.S. §§113-132; 113-134; 113-292; 113-304; and 113-305.

b) During the open season, the minimum length limit is 18-inches and the daily creel limit is 3 fish. From April 1 through May 31, no striped bass between 22 and 27 inches in length may be harvested.

c) Any person who violates this Proclamation also violates applicable law and is subject to the sanctions provided by law.

REASON FOR ACTION:
To revise Title V permitting procedures and permit exemptions per EPA comment on North Carolina's Title V permitting program.
SCOPE/NATURE/SUMMARY:
On August 29, 1995, EPA proposed interim approval of the North Carolina Title V permitting program. In its notice of interim approval, EPA identified a number of deficiencies that had to be corrected before final full approval could be granted.

Changes that EPA identified as necessary for full approval were:

1. removing the provision that allows treating research and development operations collocated with manufacturing facilities as independent facilities;
2. including fugitive emissions in the permit application;
3. reducing the boiler exemption size;
4. restricting the case-by-case exemption to 5 tpy for criteria pollutants and 1000 lb/yr for HAP;
5. clarifying that administrative permit amendments may be used (a) to change test dates or construction dates only as long as no applicable requirements would be violated and (b) to move terms and conditions from the State-enforceable side of the permit to the State and Federal enforceable portion of the permit provided that the term being moved is a requirement that has become federally enforceable;
6. stipulating that a permit shield may not be granted for any minor permit modification;
7. specifying that in the event an applicant submits a single minor permit modification that exceeds the thresholds specified in the rule, the minor permit modification will be processed within 90 days; and
8. providing that a permit be reopened and reissued within 18 months after a newly applicable requirement is promulgated.

Rules 15A NCAC 2Q .0102, Activities Exempted from Permit Applications, .0514, Administrative Permit Amendments, .0515, Minor Permit Modifications, and .0517, Reopening for Cause and perhaps other rules would be amended to address EPA's comments.

To require continuous emissions monitoring (CEM) for total reduced sulfur (TRS) at kraft pulp mills in order to demonstrate compliance with TRS standards.
SCOPE/NATURE/SUMMARY:
Rule 15A NCAC 2D .0528, Total Reduced Sulfur from Kraft Pulp Mills, limits emissions of TRS from number of operations at kraft pulp mills. In order to determine compliance with the emissions standard, emissions have to be averaged over a discrete contiguous 12-hour period. The most practical way of determining compliance is with CEM.

This rule applies to sources not subject to new source performance standards (NSPS). NSPS requires CEM for TRS compliance determination.

REASON FOR ACTION:
To add procedures to expedite action on permit applications certified by a professional engineer (PE).
SCOPE/NATURE/SUMMARY:

The General Assembly enacted into law a requirement for the EMC to adopt rules to expedite action on permit applications certified by a professional engineer. In order to qualify for the expedited procedures, the applicant would have to request that these procedures be followed and would have to submit along with his permit application a draft permit that can be sent to public notice or public hearing. The statute requires the EMC to adopt rules that specify forms to be used, checklist for application completeness, form of PE certification, and information that must be included in the draft permit. The statute sets out the schedule for these permit processing applications. A completeness review is required within 10 days of receipt. Within 30 days after completeness determination, EHNR must publish any required notice, schedule any required hearings, and initiate the technical review. A permit decision is required within 30 days of end of public hearing or close of notice period.

Incorporation of these requirements would require the adoption of two new rules, one for Title V permitting procedures and one for non-Title V permitting procedures. It would also require amending 15A NCAC 2Q .0312, Application Processing Schedule, .0525, Application Processing Schedule, and .0607, Application Processing Schedule.

SCOPE/NATURE/SUMMARY:
Rules 15A NCAC 2D .0509, Particulates from Mica or Feldspar Processing Plants and .0511 Particulates from Lightweight Aggregate Processes, require using water sprays over crushers. The rules do not provide any specifications that the water spray has to meet. Criteria need to be added to the rules to judge when the water spray is adequate. One option is to specify a visible emission standard that crushers have to meet.

To define construct.
SCOPE/NATURE/SUMMARY:
Recently an Administrative Law Judge disagreed with the Air Quality Section over how much construction could occur before a permit was required. The Air Quality Section has typically allowed some preliminary construction, such as erection of the building to house the air pollution source or the purchase of manufactured control equipment, prior to obtaining a permit. But it has always required a permit before

the air pollution source itself or the control equipment was assembled, erected, or installed. Process modifications have also required a permit before they could be made. The Administrative Law Judge ruled that a permit was required only before an owner or operator of the source had substantially finished building, erecting, etc. To resolve this problem a definition for "construct" needs to be added to Rule 15A NCAC 2Q .0103, Definitions, to clarify what activities may occur before a permit is needed. Rule 15A NCAC 2Q .0101, Required Air Quality Permits, may also need amending to resolve this problem.

REASON FOR ACTION:

To require all external floating roof tanks located at bulk gasoline terminals and containing gasoline have deck seams that are of bolted, gasketted construction or welded and to add degassing procedures and standards for gasoline storage tanks.

SCOPE/NATURE/SUMMARY:

15A NCAC 2D .0927, Bulk Gasoline Terminals, requires welded seams where possible on (floating) decks, otherwise gasketted roof and deck fittings of gasoline storage tanks at bulk gasoline terminals. This wording has led gasoline terminals to interpret that either deck seams be welded or roof and deck fittings be gasketted, but not both. The rule needs to be revised to clearly require both welded or gasketted deck seams and gasketted roof and deck fittings.

Gasoline and gasoline vapors must be removed from a tank before contractors may enter the tank. Therefore, the tank interior is degassed to less than 10% of the lower explosive limit. To reduce the emissions of toxic air pollutants from this degassing process, procedures and standards need to be developed for controlled degassing of gasoline storage tanks.

REASON FOR ACTION:

To revise the prevention of significant deterioration (PSD) rule to incorporate new modeling procedures and to remove obsolete permit application processing provision.

SCOPE/NATURE/SUMMARY:

Rule 15A NCAC 2D .0530, Prevention of Significant Deterioration, incorporates EPA models and modeling procedures by reference. These models and procedures are contained in 40 CFR 51.166. The version of the Code of Federal Regulations (CFR) incorporated by reference in Rule 15A NCAC 2D .0530 is the June 3, 1993, edition. In the August 9, 1995, Federal Register, EPA revised its modeling guidelines. To incorporate these modeling requirements requires changing the date of the version of the CFR referenced in the rule.

The second amendment that needs to be made to Rule 15A NCAC 2D .0530 is to remove an obsolete permit application processing provision contained in Paragraph (o). A provision was written into the rule to prevent default issuance of PSD permits. The provision defines when the 90-day review period begins. It requires the EMC to relinquish its PSD authority to EPA for any PSD permit application for which no action has been taken within 70 days after the 90-day review period begins in 1993, the General Assembly revised the General Statutes governing processing air permit applications (G.S. 143-215.108). It replaced the default issuance provision with a default denial provision. It also removed the requirement for the EMC to act on permit applications within 90 days and required the EMC to adopt a schedule by which it would act on air permit applications. This amendment would bring this rule into conformity with the current General Statutes and the application processing schedules adopted by the EMC.

To change the mechanism and procedures for activating the reasonably available control technology (RACT) rules for volatile organic compounds (VOC) and nitrogen oxides (NOx) in the Raleigh/Durham area and the Greensboro/Winston-Salem area.

SCOPE/NATURE/SUMMARY:

Rules 15A NCAC 2D .0902, Applicability, and .1402, Applicability, contain the mechanism and procedures for extending the VOC and NOx RACT rules to the Raleigh/Durham area or the Greensboro/Winston-Salem area if a violation of the ozone standard is measured in the future in either of these areas. Under the current rules if a violation of the ozone standard is measured in one of these areas, then all the rules contained in Sections 15A NCAC 2D .0900, Volatile Organic Compounds, and .1400, Nitrogen Oxides, would be implemented in that area. These rules would be amended to change the trigger mechanism and procedures for these two areas so that they would correspond with those used for the Charlotte area. The new mechanism would be that if a violation were measured, then an analysis would be initiated to determine which VOC or NOx RACT rules would need to be implemented in order to attain and maintain the ambient ozone standard. Any preadopted rule in Sections 15A NCAC 2D .0900 or .1400 found necessary would be implemented by notice in the North Carolina Register by the following May 1.

To define plant site for the purposes of determining compliance with the rules for fuel burning indirect heat exchangers.

SCOPE/NATURE/SUMMARY:

Compliance with Rules 15A NCAC 2D .0503, Particulates from Fuel Burning Indirect Heat Exchangers, and .0504, Particulates from Wood Burning Indirect Heat Exchangers, is determined by summing the heat

inputs of all the fuel burning indirect heat exchangers at the plant site. "Plant site" is not defined. As a result, confusion has arisen over what constitutes a plant site. To remove this confusion a definition of plant site is needed. Fuel burning units that are physically interconnected by common flue, common steam lines, or common controls would be considered located at one plant site. If the units are located in the same building, they would be considered at one plant site. If the units are located at different but adjacent manufacturing processes that are dependent on one another, they would be considered one plant site. In order to be considered located at different plant sites the fuel combustion units would have to be located at different manufacturing processes that are completely independent of each other.

REASON FOR ACTION:
To incorporate the requirements contained in 40 CFR Part 60, Subpart Ca, for municipal waste combustors into Section 15A NCAC 2Q .1200, Control of Emissions from Incinerators.
SCOPE/NATURE/SUMMARY:
EPA promulgated the requirements for large municipal waste combustors with a capacity greater than 250 tons per day, on February 11, 1991. At that time the municipal waste combustors with a potential capacity greater than 250 tons per day had restrictions in their permits to keep them below 250 tons per day. Since then one of these incinerators has raised its permitted capacity above 250 tons per day and has operated at least one day above 250 tons per day. Thus that incinerator has come under the requirements of 40 CFR Part 60, Subpart Ca. Therefore the rules in Section 15A NCAC 2Q .1200 need to be amended to incorporate the requirements of 40 CFR Part 60, Subpart Ca.

The amendments would control metal emissions by limiting particulate emissions to 0.015 grains per dry standard cubic foot. The emissions of dioxins and furans would be controlled. Emissions of acid gases (sulfur dioxide and hydrochloride) would also be limited. There would be operator training requirements.

SCOPE/NATURE/SUMMARY:
40 CFR Part 63, Subpart R, National Emission Standards for Radon Emissions from Phosphogypsum Stacks, would be incorporated by reference in to 15A NCAC 2D .0525, National Emission Standards for Hazardous Air Pollutants, which is being recodified as 15A NCAC 2D .1110. Heretofore, EPA has had a policy against delegating radionuclide national emission standards for hazardous air pollutants (NESHAP) to States. However, as part of the Title V permitting program, EPA has adopted a policy of encouraging States to adopt this NESHAP. The adoption of this NESAHP would transfer primary enforcement authority from EPA to the State.

To clarify that storage tanks that store fuel for an emergency generator would not disqualify the generator from 15A NCAC 2Q .0807, Emergency Generator, even if the storage is permitted.
SCOPE/NATURE/SUMMARY:
Rule 15A NCAC 2Q .0807, Emergency Generators, defines facilities as small for permitting purposes if the only permitted sources at the facility are emergency generators whose annual fuel consumption is below the levels specified in the rule. Some facilities may also have permitted fuel storage tanks that are associated with the emergency generators. The intent of the Rule is not to disqualify facilities from this rule merely because a fuel storage tank associated with an emergency generator is required to have a permit. The Rule would be amended to clarify that it applies to facilities whose only sources requiring a permit is one or more emergency generators or emergency use internal combustion engines and associated fuel storage tanks.

REASON FOR ACTION:

To revise the applicability threshold of the cotton gin exclusionary rule (15A NCAC 2Q .0806) to reflect PM10 emissions instead of total suspended particulate emissions and possibly revise or remove the season provision.

SCOPE/NATURE/SUMMARY:

Rule 15A NCAC 2Q .0806, Cotton Gin, defines cotton gins that gin less than 62,400 bales to be small facilities for permitting and fee purposes. This number was based on allowable particulate emissions. It may be revised to reflect uncontrolled PM10 emissions. (PM10 is particulate matter with an aerodynamic diameter of 10u or less.) EPA has recently issued a policy memorandum in which it states that under the definition of "regulated air pollutant," particulate matter refers to PM10 and not total suspended particulate.

To qualify for this Rule, cotton must be ginned between September and January. This time period can be extended if the Commissioner of Agriculture certifies to the Director that the cotton ginning season has been delayed because of adverse weather. However, the Rule does not have a provision to extend the season if there has been excellent growing weather that has resulted in an exceptionally good season so that more time is needed to gin the excess cotton. To correct this problem, the time period in the Rule, or the reason for extending the time period, may be revised or this restriction may be eliminated.

Statement of the Subject Matter: *2 NCAC 9C .0700 - Bottled water; scope of rules; labeling requirements. Rules establish source approval and labeling requirements for bottled water. Proposed changes would delete labeling requirements that have been preempted by federal rules.*
2 NCAC 48A .0200 - Honey and bee industry; transportation of bees; compliance agreements; destruction of infested apiary materials. Rules establish requirements for the movement and quarantine of bees and apiary materials in order to prevent the spread of bee diseases. Proposed changes would establish requirements for interstate movement of bees through North Carolina, change requirements for compliance agreements, and clarify wording of rules.
2 NCAC 48A .1100 - Tobacco plant certification; sale of tobacco plants; exemption from certification requirements; standards for certification. Rules establish requirements and standards for sale of tobacco plants in order to prevent the sale of diseased plants and to limit the spread of tobacco plant diseases. There are exemptions for persons who sell to no more than three different other people. Proposed changes would exempt sales of plants for planting within 75 miles of where the plants were grown.
2 NCAC 48B - Fertilizers. Establishes various requirements for labeling and quality of fertilizers.
2 NCAC 52B .0200 - Admission of livestock to North Carolina; health certificates; permits. Rules require permits in certain cases for admission of animals into the state; requires all livestock to have a health certificate, a copy of which must be forwarded to the North Carolina State Veterinarian within 10 days of issuance. Proposed amendment would allow 30 days for forwarding health certificate.

Reason for Proposed Action: *2 NCAC 9C .0700 - To remove portions of rule which have been preempted by federal rules.*
2 NCAC 48A .0200 - To provide for interstate movement of bees through North Carolina without a permit under certain conditions; to make compliance with laws and rules a condition of compliance agreements; and to clarify that bee disorders as well as diseases are grounds for regulatory action.
2 NCAC 48A .1100 - Since the purpose of rule is to prevent the spread of plant diseases, a 75-mile exemption will serve the same purpose and will be simpler and more efficient to enforce than an exemption based upon the number of sales.
2 NCAC 48B - To clarify, make corrections, and delete obsolete or unnecessary provisions throughout Subchapter 48B.
2 NCAC 52B .0200 - Often, it is not feasible to forward a copy of the health certificate within 10 days. Thirty days is more reasonable and will still meet the needs of our animal health programs.

TITLE 10 - DEPARTMENT OF HUMAN RESOURCES

CHAPTER 50 - MEDICAL ASSISTANCE

SUBCHAPTER 50D - ESTATE RECOVERY

Notice of Rule-making Proceeding is hereby given by the DHR/Division of Medical Assistance in accordance with G.S. 150B-21.2(b). The agency shall subsequently publish in the Register the text of the rule(s) it proposes to adopt as a result of this notice of rule-making proceeding and any comments received on this notice.

Rule Citation: *10 NCAC 50D .0101 - .0103; .0201; .0301 - .0302; .0401 - .0402; .0501 - .0503*

Statutory Authority for the rule-making: *G.S. 108A-70.5; 42 U.S.C. 1396p.*

Statement of the Subject Matter: *Rules will prescribe when written notification must be given to individuals who are subject to estate recovery; what evidence and documentation is required to make a determination that a person cannot reasonably be expected to be discharged from a medical institution to return home and procedures for reconsideration of this determination; provisions for waiving recovery if it would create undue hardship for an heir, or it is not cost effective to make a recovery.*

Reason for Proposed Action: *To implement Medicaid estate recovery. OBRA 1993 mandated estate recovery and enabling state legislation to effect this mandate was needed. G.S. 108A-70.5 was passed in July 1994 and authorizes estate recovery.*

Comment Procedures: *Written comments concerning this rule-making action must be submitted by May 14, 1996 to Portia Rochelle, APA Coordinator, Division of Medical Assistance, 1985 Umstead Drive, Raleigh, NC 27603.*

TITLE 12 - DEPARTMENT OF JUSTICE

CHAPTER 11 - NORTH CAROLINA ALARM SYSTEMS LICENSING BOARD

SECTION .0200 - PROVISIONS OF LICENSEES

Notice of Rule-making Proceeding is hereby given by the NC Alarm Systems Licensing Board in accordance with G.S. 150B-21.2(b). The agency shall subsequently publish in the Register the text of the rule(s) it proposes to adopt as a result of this notice of rule-making proceeding and any comments received on this notice.

Rule Citation: *12 NCAC 11 .0202*

Statutory Authority for the rule-making: *G.S. 74D-5*

Statement of the Subject Matter: *The Rule sets forth experience requirements for a license. Subpart (c) allows for a limited monitoring and responding license; however, no experience is required.*

Reason for Proposed Action: *The Board wants to amend the rule to require an applicant to verify some type of prior experience before being approved for a limited monitoring and responding license.*

Comment Procedures: *Public comment is being sought with this pre-notice on the proposal. Following this comment period the Board intends to notice a public hearing to be conducted on this proposal. The purpose of this announcement is to encourage those interested in this proposal to provide comments. Written comments may be submitted to W. Alden Hoggard, Administrator, Alarm Systems Licensing Board, 3320 Old Garner Road, Raleigh, NC 27626.*

TITLE 17 - DEPARTMENT OF REVENUE

Notice is hereby given in accordance with G.S. 150B-21.2 that the North Carolina Department of Revenue intends to amend rule cited as 17 NCAC 05C .2101.

Proposed Effective Date: *July 1, 1997*

Reason for Proposed Action: *G.S. 55-14-22(a)(4) of the North Carolina Business Corporation Act, which required a certification from the Secretary of Revenue when an administratively dissolved corporation was applying for reinstatement, was repealed effective July 29, 1996.*

Comment Procedures: *Written public comment should be addressed to Jack L. Harper, Assistant Secretary for Tax Administration, PO Box 871, Raleigh, NC 27602-0871. Comments must be received by April 15, 1996.*

Fiscal Note: *This Rule does not affect the expenditures or revenues of local government or state funds.*

CHAPTER 5 - CORPORATE INCOME AND FRANCHISE TAX DIVISION

SUBCHAPTER 5C - CORPORATE INCOME TAX

SECTION .2100 - DISSOLUTIONS AND WITHDRAWALS

.2101 DISSOLUTIONS/FILING REQUIREMENT

The "Business Corporation Act" provides for an administrative and a voluntary dissolution of corporations.

(1) Voluntary Dissolution - A corporation is dissolved immediately upon the effective date of filing the articles of dissolution with the Secretary of State. Although a tax clearance is no longer a part of the Secretary of State's voluntary dissolution process, this in no way relieves the corporation of its liability to file all tax reports and returns due and pay all taxes due the Department of Revenue. The Department will continue to notify a corporation of any unfulfilled tax requirements.

After the end ~~of the end~~ of the year in which dissolution occurs, a dissolved corporation is not subject to the annual franchise tax unless the corporation engages in business activities not appropriate to winding up and liquidating its business and affairs.

(2) Administrative Dissolution - The Secretary of State may administratively dissolve corporations for various non-compliance reasons, one of the most common reasons being the failure of a corporation to file its annual report to the Secretary of State. Once this dissolution occurs, the corporation may apply to the Secretary of State for reinstatement. ~~reinstatement within two years after the date of dissolution. This application must contain a certificate from the Department of Revenue stating that all taxes owed by the corporation have been paid. The request for the "certificate of good standing" must be in writing and signed by an officer of the corporation. The request shall be directed to the Office Examination Division of the Department of Revenue.~~ The administrative dissolution in no way relieves the corporation of its liability to file all reports and returns due and pay all taxes due the Department.

Authority G.S. 55-14-01; 55-14-20; 105-130.16; 105-262.

STATE OF NORTH CAROLINA

COUNTY OF PITT

IN THE OFFICE OF
ADMINISTRATIVE HEARINGS
95 ABC 1148

N.C. ALCOHOLIC BEVERAGE CONTROL COMMISSION, Petitioners,	)	
v.	)	RECOMMENDED DECISION
MENA INC., Respondent.	)	

This matter was heard before the undersigned administrative law judge in Halifax, North Carolina on January 17, 1996.

APPEARANCES

For Petitioner: Fred A. Gregory, Assistant Counsel,
N.C. ABC Commission, Raleigh, North Carolina.

For Respondent: OWENS, ROUSE & NELSON,
Attorneys and Counselors at Law, Greenville, North Carolina;
Mark W. Owens, Jr. appearing.

ISSUE

Whether the Respondent violated the provisions of the ABC laws by an "[e]mployee selling malt beverages to Russell Wayne Marks, a person less than 21 years of age, on the licensed premises on or about August 3, 1995 at 10:50 p.m., in violation of G.S. 18B-302(a)(1)."

STATUTES AND RULES INVOLVED

N.C. Gen. Stat. § 18B-302(a)(1)
N.C. Gen. Stat. § 18B-302(d)(1)
N.C. Gen. Stat. § 18B-302(d)(2)

Based upon the upon the parties stipulations and other competent and admissible evidence, the undersigned makes the following:

FINDINGS OF FACT

1. The Petitioner is a regulatory agency operating under the laws of the State of North Carolina to regulate the sale and distribution of alcoholic beverages.

2. The Respondent is a convenience store operating in Pitt County, North Carolina.

3. On Thursday, August 3, 1995, an agent with the North Carolina Alcohol Law Enforcement Division observed a sale of malt beverages to a person less than 21 years of age at the EZEE Food Mart located at 300 S.W. Greenville Boulevard in Greenville, North Carolina.

4. Immediately after this sale, the agent apprehended the minor who purchased the alcohol. The agent identified himself as an Alcohol Law Enforcement agent by showing his badge and the minor admitted to being underage.

5. The minor told the agent that he had purchased alcohol at the EZEE Food Mart on three previous occasions, once with a Maryland driver's license.

6. The agent then turned the matter over to another agent, David A. Dutton.

7. Agent Dutton entered the store and charged Emad Bushra Mohamed, an employee of the EZEE Food Mart, with selling beer to a person who was less than 21 years of age.

8. Mr. Mohamed informed Agent Dutton that the young man presented an out of state operator's license about three months ago which indicated he was at least 21, but could not recall from which state. After two or three purchases, Mr. Mohamed said he stopped checking the young man's identification.

Based on the foregoing Findings of Fact, the undersigned Administrative Law Judge makes the following:

CONCLUSIONS OF LAW

1. The North Carolina Alcoholic Beverage Control Commission has the authority to revoke or suspend the permits of a permittee for violation of Chapter 18B of the North Carolina General Statutes, or any rule of the Commission.

2. The Respondent's employee sold a malt beverage to Russell Wayne Marks, a person less than twenty-one years of age, on the licensed premises on August 3, 1995, in violation of N.C. Gen. Stat. §18B-302(a)(1).

3. Based upon the stipulated facts, Mr. Mohamed had checked Mr. Marks' identification on a previous occasion when Mr. Marks was using an ID that indicated he was at least 21 years of age. Once Mr. Mohamed recognized Mr. Marks, he stopped asking for identification. It was reasonable for Mr. Mohamed to stop requesting an ID from a customer he recognized as having presented appropriate identification on previous occasions. These facts constitute a defense pursuant to the provisions of N.C. Gen. Stat. §18B-302(d)(2).

RECOMMENDED DECISION

The undersigned hereby recommends that no administrative penalty be imposed.

ORDER

It is hereby ordered that the agency serve a copy of the Final Decision on the Office of Administrative Hearings, P.O. Drawer 27447, Raleigh, N.C. 27611-7447, in accordance with North Carolina General Statutes section 150B-36(b).

NOTICE

Before the agency makes the FINAL DECISION, it is required by North Carolina General Statutes section 150B-36(a) to give each party an opportunity to file exceptions to this RECOMMENDED DECISION, and to present written arguments to those in the agency who will make the final decision.

The agency is required by North Carolina General Statutes section 150B-36(b)to serve a copy of the Final Decision on all parties and to furnish a copy to the Parties' attorney of record.

NORTHWEST AIRLINES, INC., RALEIGH-DURHAM AIRPORT, Petitioner, v. DEPARTMENT OF ENVIRONMENT, HEALTH AND NATURAL RESOURCES DIVISION OF ENVIRONMENTAL MANAGEMENT, Respondent. v. RALEIGH-DURHAM AIRPORT AUTHORITY Respondent-Intervenor,	)	RECOMMENDED DECISION

This matter came before Administrative Law Judge Sammie Chess, Jr., on December 11, 1995, in Raleigh, North Carolina, on motions for Summary Judgment filed by Petitioner and Respondent-Intervenor (hereinafter "Intervenor").

APPEARANCES

ISSUE

1. Whether the Petitioner, Northwest Airlines, Inc., was required to obtain a NPDES storm water permit?

2. Whether or not Petitioner is the owner or operator of a storm water discharge?

3. Whether or not Petitioner is required to hold a storm water permit or be included as a co-permittee on Intervenor's storm water permit?

STATEMENT OF THE CASE

On March 17, 1995, Respondent, acting through its Division of Environmental Management (DEM), issued NPDES Permit NC 0084514 (the "storm water permit") to Intervenor. Petitioner was included on that permit as a co-permittee. That permit was subsequently reissued on November 22, 1995, with certain modifications that are not relevant to the matters at issue here.

Petitioner filed a Petition for a Contested Case Hearing pursuant to N.C.G.S. 150B-23(a) with respect to the storm water permit, which was accepted by the Office of Administrative Hearings (OAH) on April 24, 1995.

Petitioner alleges that it was improperly included as a co-permittee on the storm water permit, that it is not the operator of a storm water discharge, and is therefore not required by law or regulation to hold a storm water permit or be included as a co-permittee on Intervenor's storm water permit.

FINDINGS OF FACT

1. This matter was commenced when Northwest Airlines filed a Petition for a Contested Case Hearing in the North Carolina Office of Administrative Hearings.

2. The only reasons Northwest Airlines gave for asking for a contested case hearing was: "because Northwest Airlines (NW) has been included in NPDES Storm Water Permit #NC0084514 issued to the Raleigh-Durham Airport Authority. However, Northwest Airlines is not an operator/owner of any facility or activity subject to federal NPDES Storm Water Regulations at 40 C.F.R. 122."

3. The facts contained in the Joint Stipulation entered into by the parties are hereby incorporated as facts in this matter;

4. Petitioner, Northwest Airlines, Inc., (hereinafter "NWA") controls, operates, and conducts its deicing operations at Raleigh-Durham International Airport (hereinafter "Airport"), as it requires its deicing contractor at the Airport to follow NWA deicing policies to receive specialized training in NWA deicing policies, and as NWA employees are responsible for deciding whether to implement NWA deicing policies and for ensuring that the deicing has been satisfactorily accomplished;

5. NWA owns the deicing fluid once applied to the surface of airplanes operated by NWA at the Airport (hereinafter "NWA airplanes"), as provided in NWA's Service Agreement with Raleigh Flying Service, Inc., which provides that NWA purchases deicing fluid per application on a volume basis;

6. Deicing fluid applied to the wings or other surfaces of NWA airplanes drips or otherwise comes off of those surfaces onto the paved surface below the airplanes, from which it drains to a storm sewer which ultimately outfalls to waters of the State;

7. The wings and other surfaces of NWA airplanes from which deicing fluid drips or otherwise comes off constitutes a "point source" as that term is defined at N.C.G.S. 143-213(24);

8. The storm sewer system into which the deicing fluid drains, conveys the deicing fluid to the waters of the State and thus constitutes a "point source" as that term is defined at N.C.G.S. 143-213(24);

9. Deicing fluid that drips or otherwise comes off the surfaces of NWA airplanes constitutes "waste" as that term is defined at N.C.G.S. 143-213(18);

10. Deicing fluid that drips or otherwise comes off the surface of NWA airplanes and drains to a storm sewer which ultimately outfalls to waters of the State constitutes a "discharge of waste" as that term is defined at N.C.G.S. 143-213(9);

11. The discharge of deicing fluid from NWA airplanes results in water pollution and is regulated under N.C.G.S. 143-214.7;

12. Deicing fluid that drips or otherwise comes off the surface of NWA airplanes and drains to a storm sewer increases the quantity of waste discharged to waters of the State through the storm sewers at the Airport;

13. The discharge of deicing fluid from NWA airplanes to waters of the State may violate the terms of NPDES Permit

No. NC0084514;

14. NWA controls, operates and conducts its fueling operations at the Airport, as fuel delivered to NWA airplanes is owned by NWA, NWA requires its fueling contractor to follow NWA fueling procedures, and the fueling contractor is subject to periodic audits by NWA personnel to ascertain compliance with NWA's policies;

15. Fuel which drips or is otherwise released during NWA's fueling operations is deposited onto the paved surface beneath NWA airplanes, from which it drains to a storm sewer and outfalls to the waters of the State;

16. The storm sewer system into which the fuel drains, conveys the deicing fluid to the waters of the State and thus constitutes a "point source" as that term is defined at N.C.G.S. 143-213(24);

17. NWA airplanes from which fuel drips or is otherwise released during fueling operations constitutes "point sources", as that term is defined at N.C.G.S. 143-213(24);

18. Fuel which drips or is otherwise released during NWA's fueling operations constitutes "waste" as that term is defined at N.C.G.S. 143-213(18);

19. Fuel which drips or is otherwise released during NWA's fueling operations and drains to a storm sewer which ultimately outfalls to waters of the State constitutes a "discharge of waste", as that term is defined at N.C.G.S. 143-213(9);

20. Fuel which drips or is otherwise released during NWA's fueling operations results in water pollution and is regulated under N.C.G.S. 143-213.7;

21. Fuel which drips or is otherwise released during NWA's fueling operations and drains to a storm sewer increases the quantity of waste discharged to the waters of the State through the storm sewers at the Airport;

22. The discharge of fuel from NWA airplanes to waters of the State may violate the terms of NPDES Permit No. NC0084514;

23. Patrick Kenny was the station manager for NWA at the Airport at all times relevant to the issues in this contested case;

24. Patrick Kenny had actual authority to sign on behalf of NWA an application for a permit for the discharge of storm water from the storm water collection system at the Airport, as provided in the Northwest Airlines Aircraft Servicing Manual (Joint Stipulations, Appendix F);

CONCLUSIONS OF LAW

25. NWA operates a "point source" in that NWA airplanes release deicing fluid and fuel which drain into storm sewers and outfall to the waters of the State;

26. NWA conducts industrial activities at the Airport, including deicing and fueling operations.

27. NWA operates a storm water discharge associated with industrial activity, including deicing and fueling operations, at the Airport, within the meaning of that term as it is used in 40 C.F.R. 122.26;

28. NWA, through its authorized agent, Patrick Kenny, applied for a permit under 15A N.C.A.C. 2H. .0126, in satisfaction of the requirements of 15A N.C.A.C. 2H .0105;

29. Within the scope of its duties under the terms of the Service Agreement, Raleigh Flying Service, Inc., is NWA's agent for the purpose of determining whether NWA requires a permit under 15A N.C.A.C. 2H .0126;

30. Within the scope of its duties under the terms of the Into-Plane Aviation Fuel Service Agreement, Aero Services International, Inc., or its assignee, is NWA's agent for the purpose of determining whether NWA requires a permit under 15A N.C.A.C. 2H .0126;

31. When Joint Stipulations, Exhibit J, is considered as a whole, it is clear that Petitioner's station manager intended to bind Petitioner as a co-permittee.

32. NWA did not contend any lack of authority to execute the certification or lack of intent to become a co-permittee before or after the NPDES, non-storm certification was signed on May 17, 1993.

33. Petitioner intended to become, and became, a co-permittee on Intervenor's storm water permit.

34. The Division of Environmental Management of the Department of Environment, Health and Natural Resources did not act erroneously in issuing Permit No. NC0084514 to NWA as co-permittee;

35. The Division of Environmental Management of the Department of Environment, Health and Natural Resources did not act arbitrarily and capriciously in issuing Permit No. NC0084514 to NWA as co-permittee;

36. The Division of Environmental Management of the Department of Environment, Health and Natural Resources did not act in excess of its authority in issuing Permit No. NC0084514.

Based upon the foregoing Findings of Fact and Conclusions of Law, the undersigned makes the following:

RECOMMENDED DECISION

Petitioner should not be excluded as a co-permittee on Intervenor-Respondent's waste-water permit.

ORDER

It is hereby ordered that the agency serve a copy of the final decision on the Office of Administrative Hearings, Post Office Drawer 27447, Raleigh, North Carolina, 27611-7447, in accordance with North Carolina General Statute 150B-36(b).

NOTICE

The agency making the final decision in this contested case is required to give each party an opportunity to file exceptions to this recommended decision and to present written arguments to those in the agency who will make the final decision. N.C.G.S. 150B-36(a).

The agency is required by N.C.G.S. 150B-36(b) to serve a copy of the final decision on all parties and to furnish a copy to the parties' attorney of record and to the Office of Administrative Hearings.

The agency that will make the final decision in this contested case is the North Carolina Department of Environment, Health and Natural Resources.

WALTER LEE HEARNE, Petitioner, v. CHATHAM COUNTY HEALTH DEPARTMENT Respondent.	))))))))	RECOMMENDED DECISION

The appeal of Walter Lee Hearne, a former employee of the Chatham County Health Department, was heard by Fred G. Morrison Jr., Senior Administrative Law Judge, Office of Administrative Hearings, on January 16 & 17, 1996, in Pittsboro, North Carolina.

APPEARANCES

FOR THE PETITIONER: Alan McSurely
Attorney at Law
Chapel Hill, North Carolina

FOR THE RESPONDENT: James Morgan
Attorney at Law
Winston-Salem, North Carolina

ISSUES

1. Whether Petitioner voluntarily resigned his position as an Animal Control Officer II.

2. Whether Respondent had just cause to terminate Petitioner's employment.

OPINION OF THE ADMINISTRATIVE LAW JUDGE

Based on competent evidence admitted at the hearing, the Administrative Law Judge makes the following:

FINDINGS OF FACT

1. Walter Lee Hearne, Petitioner, was employed as an Animal Control Officer II by the Chatham County Health Department in August of 1993. His annual salary was $19,000 and he was subject to the State Personnel Act on January 13, 1995.

2. Petitioner, a native of Chatham County, is 62 years old and planned to work until he reached 65 in June of 1998. In the past, he has served as a deputy sheriff and county dog warden.

3. Wayne Sherman has been Director of the Chatham County Health Department since 1993. He hired Petitioner who was the senior shelter officer in January of 1995.

4. Jimmy Collins serves as an Environmental Health Supervisor with the Health Department. He has authority over the animal control department and supervised Petitioner.

5. In the Fall of 1994, the Health Department opened its new Animal Shelter, which included a new Carbon Monoxide Gas Chamber for the euthanization of animals which had been left at the shelter and were not adopted within the stipulated period.

6. Dr. Ralph Houser, who was qualified as an expert witness, helped to design the new shelter and was responsible for training County personnel in euthanasia methods. This training included when the Carbon Monoxide Chamber should and should not be used.

7. According to the County's Policies and Procedures regarding Euthanasia with Carbon Monoxide, the animal control officers were to euthanize animals in the carbon monoxide chamber, except "puppies and kitties of less than eight weeks of age cannot be euthanized effectively with carbon monoxide, therefore, an acceptable backup method of euthanasia should be available."

8. Carbon monoxide euthanasia is inhumane when used on new-born puppies and kittens because they are adapted to the environment in the womb which is very low on oxygen, and although they become unconscious in the gas chamber, it sometimes takes two to three hours for them to succumb to carbon monoxide poisoning.

9. There are two acceptable euthanasia methods for new-born puppies and kittens: injection with sodium pentobarbital and shooting in back of head. A third method, cervical dislocation, is not approved, but according to Dr. Houser would be more humane than the carbon monoxide chamber with new-born animals.

10. At the time in question, Petitioner was the only employee of the Health Department trained in either the sodium pentobarbital or the rifle-shooting methods.

11. Sodium pentobarbital is a Schedule II (controlled) narcotic, and can only be bought with a Drug Enforcement Administration registration and order form. It is subject to security and record keeping requirements. Dr. Houser was responsible, if these requirements were not followed by personnel at the Shelter.

12. Although Dr. Houser had the sodium pentobarbital when the new Shelter opened and was prepared to train the employees in its use, during the first months of the Shelter's operation, he was not asked to come to set up the program.

13. Dr. Houser instituted the sodium pentobarbital method on December 16, 1994, and Dr. Houser trained the Health Department employees in the proper use and security of the drug.

14. On December 22, 1994, Mr. Sherman signed a contract with Dr. Houser which retroactively instituted the sodium pentobarbital program on December 16, 1994.

15. During the period when the new shelter was open but with no sodium pentobarbital program available, a citizen brought in a pregnant dog. While the dog was waiting to be adopted, she had four puppies. Unfortunately, no one adopted her, and a few days later she was euthanized.

16. Petitioner and Ms. Sharon Allen, who had recently been hired as the Shelter attendant, placed the four new-born puppies in the back of the County truck next to their mother's body. Petitioner testified that he took the animals to the place where dead animals' bodies were disposed of and shot each of the puppies in the back of the neck with the County-issued .22 rifle. He disposed of their bodies with the mother and returned to the Shelter. Ms. Allen saw that the animals were disposed of and believed that Petitioner had snapped the necks of the puppies.

17. At that time, the only acceptable method of euthanasia available to the animal control officers for new-born puppies was shooting them in the back of the head with a rifle. This was the most humane way available to euthanize the puppies.

18. Although not appropriate, cervical dislocation would have been a more humane euthanization method than placing the new-born puppies in the gas chamber. Respondent did not approve this procedure. It is also rejected by the American Humane Association, the U.S. Humane Society, and the American Veterinary Association as a method of euthanization of puppies and kittens. Furthermore, it is not an approved method under G.S. 130A-192.

19. On December 20, 1994, the Chatham County Humane Society sent a letter to Mr. Sherman, which stated that Animal Control Officers "have been found to operate the shelter in violation of the Chatham County Animal Control Ordinance and NC state law." It said that the Chatham Humane Society had learned that Petitioner "has been performing inappropriate and unauthorized euthanasia procedures on county sheltered animals" and demanded that Mr. Sherman "Remove Lee Hearne from the Animal Control Program."

20. The letter became the basis for articles in the newspapers, which wrote that the "cervical dislocation" procedure

had been used to euthanize the four puppies.

21. Mr. Sherman met with two leaders of the Chatham County Humane Society on December 20, 1994. The members discussed the letter and rumors that Petitioner had euthanized puppies by snapping their necks. The Humane Society members made it clear that they considered such methods to amount to "inappropriate and unauthorized euthanasia procedures." Mr. Sherman informed the Humane Society members that the Chatham County Health Department was in the process of putting procedures in place for euthanizing puppies and kittens by injecting them with Sodium Pentobarbital.

22. On December 21 or 22, 1994, Wayne Sherman had a telephone conversation with Petitioner. Sherman informed Petitioner that he had been contacted by the Chatham County Humane Society and that the Humane Society had alleged that Petitioner had used cervical dislocation to euthanize puppies. Sherman testified that Petitioner told him that he "had done cervical dislocation because the gas chamber was not effective on puppies" and "Sodium Pentobarbital was not available yet for injections because Elma Green would not order it because she did not trust him to have the key." Petitioner denies making this statement.

23. Petitioner testified that no one ever asked him what method he used to euthanize the four puppies until after his separation from the County.

24. On January 11, 1995, a reporter from a Raleigh newspaper talked with Petitioner. Petitioner says he denied breaking the puppies' necks. The reporter then called and asked Mr. Sherman about Petitioner's denial. Mr. Sherman then called Petitioner, and angrily asked him to straighten out this mess with the reporter.

25. On the morning of January 13, 1995, an article based on the same allegation, that Petitioner had cervically dislocated four puppies' necks which were "brought to the shelter healthy and two weeks old," was printed.

26. That day, at least four calls threatening to kill Petitioner and other employees were received at the new Shelter by 8:45 a.m..

27. Mr. Sherman read the news article and also learned that a television reporter would come to the department at 1:00 p.m. for an interview. He directed Collins to issue a written warning to Petitioner for using an improper euthanization method (cervical dislocation), which Collins did. Petitioner did not know about this warning until days later.

28. Petitioner had requested, and was granted, leave for that day. He and his wife had planned to go out of town, but Ms. Hearne was sick that morning, so they stayed home.

29. At noon on January 13, Mr. Sherman called Petitioner at his home and stated that because of all the negative media attention, he was asking for Mr. Hearne's resignation. Petitioner argued with Mr. Sherman, asking why he was the only person who was being asked to resign. Unable to change Mr. Sherman's mind, Petitioner angrily said, "You've got it" and told Mr. Sherman to get the County equipment off of Petitioner's property. Mrs. Hearne, who overheard some of the conversation, felt humiliated for her husband and began crying.

30. Mr. Sherman and Jimmy Collins drove to Petitioner's home, arriving about 12:40 p.m..

31. When Mr. Sherman got out of the car, Petitioner stated that he was not voluntarily resigning. Mr. Sherman responded that he considered Petitioner terminated.

32. Mr. Sherman gave Petitioner nothing in writing-- no reasons for the termination nor any appeal rights-- before or during the termination process.

33. Mr. Sherman stated he had to get back to his office for a TV interview at 1 p.m. and left.

34. At 1:00 p.m., Mr. Sherman was interviewed at the Chatham County Health Department building by Ed Crump from WTVD-TV. The interview was aired on the 6 p.m. news on Channel 11 on January 13, 1995.

35. Ed Crump, the WTVD reporter, and Mr. Sherman stated in the aired portion of the interview:

CRUMP: Under pressure from the local humane society, Chatham County Animal Control Officer Lee

> Hearne was fired today. His supervisors say last month he broke the necks of four puppies that were to be destroyed and that was against County guidelines.
>
> WAYNE SHERMAN: There appears to be violation of the animal control ordinance for Chatham County and lack of consultation with a supervisor which led us to believe that this incident is grounds for termination.

36. Mr. Sherman's notes on this interview state that he had told WTVD that "Lee had voluntarily resigned, withdrew his resignation, so was terminated for violation of Ordinance, failure to consult Supervisor."

37. After this statement, Mr. Sherman met with the County manager at 2 p.m., and it was decided that the events during the noon hour consisted of two discrete acts: Petitioner's resignation over the phone; and then a request to rescind the resignation at Petitioner's home forty minutes later. Mr. Sherman, based on this interpretation of events, then wrote a letter accepting Mr. Hearne's resignation of 12 noon. The letter stated: "At 12:40 p.m. you informed me that you were withdrawing your resignation." This letter was dated January 13, 1995.

38. On Saturday, January 14, 1995, Mr. Sherman made a statement to the media, stating that ""following consultation with the County Manager's Office, it was determined that the resignation had been offered and accepted, so the resignation stands."

39. On January 17 and 18, 1995, Mr. Sherman investigated the allegations about Petitioner's euthanization of the four puppies.

40. Chatham County's personnel procedures regarding "resignation" states that "a two week's notice is requested of all resigning personnel."

41. No letter of resignation has ever been submitted by Petitioner.

42. Mr. Sherman and Chatham County did not provide any of the required procedural or substantive rights to Petitioner, either before or after he was terminated until August 2, 1995, when Mr. Sherman wrote that "in light of the fact that you are contending you were discharged, I am writing to inform you of your appeal rights."

43. Petitioner had received an "Above Standard" job evaluation in August of 1994, and at the time of the phone call to his home on January 13, 1995, had not received any warnings, oral or written, for any performance or conduct problems. He did later find the written warning in his personnel file which Collins issued on January 13, 1995.

45. In his August 1994 evaluation, Petitioner was described by his supervisor as follows:

> Lee is an excellent employee. He needs very little guidance to perform his assigned tasks. He should continue to broaden his knowledge in the Animal Control program by attending advanced courses in animal care.

Based on the foregoing Findings of Fact, the Administrative Law Judge makes the following:

CONCLUSIONS OF LAW

1. Petitioner was a permanent employee subject to the State Personnel Act at the time of his dismissal. Because he has alleged that Respondent lacked just cause for his dismissal, the Office of Administrative Hearings has jurisdiction to hear his appeal and issue a recommendation to the State Personnel Commission which shall issue an advisory opinion in the matter. G.S. 126-35, 126-37, 126-39, 150B-23, and 150B-36.

2. Petitioner did not voluntarily resign his position as an Animal Control Officer II.

3. Respondent did not have just cause, procedurally or substantively, to terminate Petitioner's employment as an Animal Control Officer II.

Based on the foregoing Findings of Fact and Conclusions of Law, the Administrative Law Judge makes the following:

RECOMMENDED DECISION

That Petitioner be reinstated to his position as Animal Control Officer II with full benefits, back pay, and attorney's fees.

ORDER

It is hereby ordered that the agency serve a copy of the final decision on the Office of Administrative Hearings, P. O. Drawer 27447, Raleigh, N.C. 27611-7447, in accordance with North Carolina General Statute 150B-36(b).

NOTICE

The agency making the final decision in this contested case is required to give each party an opportunity to file exceptions to this recommended decision and to present written arguments to those in the agency who will make the final decision. G.S. 150B-36(a).

The agency is required by G.S. 150B-36(b) to serve a copy of the final decision on all parties and to furnish a copy to the parties' attorney of record and to the Office of Administrative Hearings.

The agency that will make the final decision in this contested case is the Chatham County Health Department.

This the 16th day of February, 1996.

The North Carolina Administrative Code (NCAC) has four major subdivisions of rules. Two of these, titles and chapters, are mandatory. The major subdivision of the NCAC is the title. Each major department in the North Carolina executive branch of government has been assigned a title number. Titles are further broken down into chapters which shall be numerical in order. The other two, subchapters and sections are optional subdivisions to be used by agencies when appropriate.
